

Doitantitarnish Plus

Manufactured by : 

Doitantitarnish Plus

Doit Antitarnishing Plant gives a coating to jewellery that protect it from tarnishing. As Silver Ornament with contact of sulphur , body oils and other other outside substances get darkened eventually. Antitarnishing keeps the Jewellery shining even in severe atmospheres. The Doitantitarnish Plus plant, thanks to the new chemical formulation and the fixing and activation solutions, guarantees a better protection against the oxidation. The desk plant with its compact size, allows in short space to complete the entire process of protection of the piece. Doitantitarnish Plus machine 20 ltr. is a system designed and manufactured by Doit Industries to make the best performance of Doitantitarnish electrolyte solution.

CODE	Doitantitarnish Plus
Dimensions	48" x 24" x 23"
Input Voltage	220 V, 50/60 Hz
Power	1 kw
Litre Capacity	20 ltr.
Heater	Main tank - 2 x 300 watts Rinsing Tank F1- 2 x 200 watts
Tank Size For Articles	10" x 10" x 13"

Features :

- ▶ GC Rectifier 12 V - 30A.
- ▶ Easy to control voltage & time.
- ▶ Heating system.
- ▶ Temperature control.
- ▶ 4 ATP + Anodes
- ▶ Manual and automatic operating system.
- ▶ Magnetic pump for step circulation.
- ▶ Step programming, Ramp & Time setting facilities
