

# Diamond Cleaning Machine

Manufactured by:  Haim Malka Boiling Systems

Marketed by: 

The Doit Industries Diamond Cleaning Machine has been designed to solve the costly issues of acid cleaning processes, environment, space, and health. Doit Industries has special tooling to meet the requirement of variant types of stones. Furthermore, the liquid we developed is environment friendly and does not require special waste management. The system can also be used in any office and it requires minimal space.

## Features:

- ▶ Cleaning liquid made of Non-Polluting Substances, Human & Environment Friendly Materials
- ▶ Cost effective & User friendly
- ▶ Safe and simple cleaning process
- ▶ Does not leave the stone "Cloudy (Chhari)"
- ▶ Long-lasting Luster
- ▶ No Costly Damage to stones
- ▶ Process done on your own premises taking up minimal space
- ▶ No special room and special handling required
- ▶ Liquid does not require handling dangerous waste products
- ▶ Liquid does not represent a potential threat to employee health
- ▶ No Maintenance
