

ULTRA CLEANER MPS 60H

Manufactured by : 

 **o it**[®]

Ultrasonic machine is an indispensable system for jewellery. Cleaning, as manufacturing progresses, becomes more critical. As cleaning is to be done in intricate areas, under stones, Doit Industries research and development has created ultrasonic machine with effective cavitations which causes formation of minute bubbles in cleaning liquid and thus cleaning dirt from minutest places. You can also achieve very effective cleaning with more than 90% power saving and faster cleaning

Ultrasonic Cleaning System has the advantage of being able to clean intricate places in Jewellery as well as in other industries without the need of harsh Cleaning agents for effective cleaning. This is very compact and attractive product brought to you by Doit Industries

Features :

- ▶ Stainless steel 304/ 0.8mm With Deep Draw Process (Single Piece Tank)
- ▶ Capacity : 6ltr
- ▶ Digital Timer and Variable Power Function Sweep Vibration for Efficient Cleaning
- ▶ Digital Temperature Controller
- ▶ Heater capacity - 200Watts Medium working frequency 40kHz
- ▶ Inbuilt Cooling Fan
