

SS Media 316 Round

(1 K)

Marketed by : **Do it**[®]

SS Media 316 Round is a stainless steel media crafted from durable 316-grade stainless steel. This round-shaped media is commonly used for metal finishing, polishing, and deburring applications. Its corrosion-resistant properties and uniform shape ensure efficient removal of burrs and imperfections, delivering a smooth and polished surface finish to metal work pieces. Ideal for use in the manufacturing and metal working industries.

Features :

- ▶ High-quality stainless steel construction.
- ▶ Grade 316 stainless steel for enhanced corrosion resistance.
- ▶ Round shape for uniform and consistent results.
- ▶ Effective in metal finishing, polishing, and deburring.
- ▶ Efficient removal of burrs, scale, and imperfections.
- ▶ Provides a smooth and polished surface finish.
- ▶ Ideal for applications in manufacturing and metalworking industries.
