

Galvex 18

For use as Lubricant and Ultrasonic Solution

Marketed by : 

1 ltr

5 ltr

Galvax-18 is a simple, one-package epoxy that's easy to apply with a brush or spray. It dries quickly, becoming touchable in just an hour, and each coat can reach up to 5 mils in thickness. There's no pot life limit, and mixing is effortless with no pigment settling. The flexible films it creates have excellent adhesion, and it can be applied over a broad range of temperatures and humidities. Perfect for quick and versatile projects.

Features

- ▶ Easy Application: Simple brush or spray application for user convenience.
- ▶ Single-Package System: A hassle-free epoxy system with no need for complex mixing of multiple components.
- ▶ No Pot Life Limitation: Users can take their time without worrying about a limited pot life.
- ▶ Effortless Mixing: No hard settling of pigment during the mixing process.
- ▶ Excellent Wetting and Penetration Properties: Ensures thorough coverage and adhesion.
- ▶ Flexible Films: The produced films are flexible while maintaining excellent adhesion to surfaces.
