

# Ceramic Cell

1 & 2 Kg

Marketed by :  DOIT

Ceramic cells, made from robust ceramic materials, boast high thermal stability and resistance to corrosion. Ideal for harsh environments, these cells find applications in electronics, sensors, and batteries due to their durability and ability to withstand extreme temperatures. With excellent electrical insulation, they ensure reliable performance, contributing to their widespread use in modern technologies where stability and resilience are crucial.

## Features:

- ▶ Constructed from durable ceramic materials
- ▶ High thermal stability
- ▶ Resistant to corrosion
- ▶ Versatile applications in electronics and energy storage
- ▶ Ideal for harsh environments
- ▶ Excellent electrical insulation properties
- ▶ Reliable performance in various uses

**DOIT INDUSTRIES INDIA PVT. LTD.**

**Certified ISO 9001:2015**

**Corporate Office :**

Unit No.304, New India Industrial Estate, Near Paper Box, Off. Mahakali Caves Road, Andheri (East), Mumbai-400 093.
