

# Magnetic Stirrer

Manufactured by : 

Magnetic Stirrer creates a rotating magnetic field around a container to rotate a stir bar immersed in the container. The magnetic stirrer has the advantage that there is no need the container to be open. In various chemical processes to be carried out a continuous stirring can be applied with the magnetic stirrer, controlling the field the speed of rotation can also be controlled.

CODE	Do it antirnish Plus
Dimensions	43" x 27" x 34"
Mix Speed	5000rpm
Team Mix	50 °c

## Features :

- ▶ Any size of beaker is usable (1ltr to 8ltr max).
- ▶ Rotation can be controlled.
- ▶ MLH model has heating facility.
- ▶ Heating sensor is also available for maintaining temperature.
- ▶ Along with stirring heating can be also be effectively applied.
- ▶ Better speed regulation even with small volume and low speeds.
- ▶ Digital speed indicator for display of stirring speed.
- ▶ Accurate stepless speed control maintains excellent speed stability.
- ▶ Totally enclosed unit, Designed for use even in corrosive atmosphere.
