

# Rhoduna 275 Black

Marketed by : 

Umicore's Rhoduna 275, available in a concentration of 2gm-100ml, stands as a necessity for all jewelry manufacturers owing to its stunningly brilliant white hue. Rhodium, renowned for its radiant white shade, is an essential component in jewelry production. Moreover, it finds utility in functional applications such as serving as contact material, notably in the plating of reed switches.

## Features :

- ▶ Bright anthracite to black rhodium coatings ensure stunning aesthetics.
- ▶ Achieve uniform coating thickness for consistent quality.
- ▶ Enjoy crack-free finishes up to 0.1  $\mu\text{m}$  for durability and longevity.
- ▶ Experience easy handling for smooth application.
- ▶ Benefit from fast coverage speed and a high deposition rate for efficiency and productivity.
